IDESIGN – AN IMPRESSIVE INTERIORS SHOWCASE

29th March 2006

The 2006 iDesign Exhibition will provide Western Australia's most impressive showcase of contemporary interior design ideas, products and services for those planning an interior renovation or looking to redecorate.

Previously named the KDA Kitchen Interiors Renovations Expo, the exhibition has received a face-lift for 2006, with the new title of "iDesign Exhibition" and a vibrant line-up of interior product options and design ideas. This boutique exhibition will provide a stylish and interactive exhibition environment and a place where visitors can be inspired by new ideas.

Visitors can talk direct with designers as well as browse through an extensive range of innovative interior displays, appliances, surfaces, accessories and home enhancement products.

The DKA Cooking Demonstration Stage, hosted by The Gourmet Godfather – John Maiorana will educate and entertain visitors with mouth-watering culinary presentations and complementary wine tastings by Peter Forrestal.

The iDesign Seminar Series will provide free seminars to visitors and will be hosted by industry professionals, offering the latest design tips, while inspiring visitors with great advice and new ideas.

Visitors can also win a kitchen *design* by Geoff Jansz, including a Corian® benchtop, valued at \$10,000!
