

## **National Registrar**

### **Expressions of Interest**

APBA Council plans to centralise the operation of the Membership and Registration database and the associated collection of subscriptions. Consequently, expression of interest is being sought from members willing to be appointed as Registrar for APBA.

In the position of National registrar, the occupant would need to have:

- Clear understanding of the rules of the Association, particularly those related to Membership and Registration;
- Proficiency in operating a Microsoft Access Database;
- Sufficient time to cope with the demands of the position [this would be most pertinent during the registration renewal period]; and
- Skills and reliability to manage the collection and banking of subscriptions.

If the person also had skills in the construction of Microsoft Access Databases, consideration would be given to appointment as assistant to the database developer.

Expressions of interest, supported by evidence of the prospective appointee's abilities related to the above attributes, should be submitted to:

APBA Inc Secretary  
Brian Edmonds  
PO Box 1061  
Oxley QLD 4075
