

RUNNING FROM THE STORM

You're laying down all the rules
Now tell me how to win
You played us all for fools
Now you're running from the ring

How's your form
Running from the storm
Since you were born
Running from the storm

Undercover
Face in the dirt
Who's gonna catch you
Who'll be the first

Now one day, someday soon
I know you'll pay your bills
And to see you fork it out
It'll give us all a thrill

Chorus

Undercover
Face in the dirt
Who's gonna catch you
Who'll be the first

Undercover
Face in the dirt
Who's gonna catch you
Running from the storm

Since you were born
Running from the storm
