

## **THE LAYOUT OF THE PRESENT HOLISTIC HEALTH SANCTUARY**

**The current Sanctuary operates from my family home using the study room where I carry on my healing and therapy activities for the last 18 years since 1992 as a sole practitioner. This family residence is located in an 1 ½ acre property residential estate, just 10 minutes to the commercial centre of Capalaba, AT 17 Mahogany Street, Capalaba, Redland City, Queensland, Australia; just ½ hour East of Brisbane City, capital of Queensland. It is only 10 minutes to Moreton Bay so the Sanctuary is blessed with lovely sea breezes, free of pollution and abundance of native wildlife and gum trees so close to Mother Nature and Her Kingdoms . This area has a semi-rural atmosphere so perfect to locate a healing Sanctuary. This family home is a high-set building ; the top level is where we live, with 4 bedrooms, 2 bathrooms and toilets; large kitchen, dining room, lounge room and family sitting room; with front and back verandahs, the back verandah overlooks the lap-sized swimming pool. The ground floor has the large study room with a separate front entrance where I carry out my healing/therapy activities; a large rumpus room where I conduct my workshops and meditation sessions; a large laundry and an additional large room; and another bathroom and toilet.**

**The whole property is fully fenced with a remote control front gate and the 3 garages have remote control roll-a-doors.**

**Therefore, the infrastructure is already in place and this home can easily be converted into a large healing and teaching centre. The design of this residence and the location has been Divinely Guided because it is closely located to the Sea which is part of the Old Lemuria and now its energies is to be activated in the Age of Aquarius (Water-Feminine Divine Energy). The number 17 Mahogany Street-in numerology when reduced to a single digit is equals to: (8=infinity sign). There is no coincidence, everything thing has a place in the Divine Plan and for a good spiritual reason. WE cannot find the answer to the mysteries of life, we just have to trust and have deep faith of things unseen , the truth will be revealed in God's Time and God's Will and not in our human time and will. So be it and so it is.**

## **DETAILED PLAN FOR THE PROPOSED NEW HEALING AND TEACHING CENTRE**

**The Foundation is to purchase this whole property and financially support the entire operational activities of the New Centre.**

### **The Healing and Teaching Staff**

**It is my plan to employ full-time and/or part-time Melchizedek Kamadon Temple Healing Light Masters practitioners because they only work in pure Light and with High Dimensional Light Beings and preferably accredited Melchizedek Method Courses facilitators so they can teach these courses and who channel the Ascended Masters and ArchAngels and other Higher Light Dimensional Beings. These practitioners should also have other natural healing modalities accreditations and have the ability to channel the Celestial Beings who overlight the New Centre so they can do health and Life readings.**

**All healing practitioners staff are lightworkers on the ascension and self-mastery path who only work with Celestial Beings such as Ascended Masters, Archangels/angels, Kamadon Temple Ascended Masters Healers etc. of High Light Dimensional Realms.**

**One of the Melchizedek Healing Practitioner will be assigned as the Head Practitioner who will carry out the policy of the Foundation; who will supervise the entire staff as well as other employees such as the receptionist, cleaning and garden and yard maintenance; plan activities for the centre such as courses and workshops or seminars; and other activities related to the smooth operation of this new centre.**

### **WORKSHOP COURSES**

**SELF-HEALING COURSE ( tools and techniques to be used to heal self).**

**MELCHIZEDEK METHOD COURSES (for Self-mastery and ascension)-LEVELS: one to five.**

**Ascended Master Thoth who was a high priest in Atlantis and who brought His initiates to Egypt before the sinking of Atlantis and who established the Egyptian Mystery School and Used this Melchizedek Kamadon Healing System to re-program the DNA (the DNA were genetically manipulated in this sub-class of humans to create a body of half man and half animal and were used as slaves-they called this sub-humans "Things"). So Thoth has decided to bring this Melchizedek Method to Earth because Humanity is ready now to clean-up all karmic issues which is enslaving it in a karmic cycle of low vibrational energies , low level of consciousness. So to be able for humanity to return to its original Adam Kadmon Soul Blueprint and to complete its karmic cycle on this planet and ascend back home to its true multidimensional identity, back to the Clear Light of God, to return to the Family of Pure God Light. Thoth had a Soul contract with Alton Kamadon, Sydney, Australia that in this lifetime and Alton's last incarnation that this method will be manifested on Earth to assist Lightworkers in their path of Self-mastery and Completion(ascension) and finish their Duality/Polarity Soul Experiences to self-Realized and God-Realized after the 7<sup>th</sup> level of soul initiation.**

**Toth Quote: " Melchizedek Method is much more than a healing and rejuvenation teaching or lightbody activation. It is a whole NEW FORMULA for body, health, harmony and spiritual ascension". This Method gives the I AM Disciple the tools and techniques for ascension. This Method reactivates and re-encodes the DNA with Christ Unconditional Love Hologram which is to convert the current 2-strand carbon DNA into crystalline/light DNA(one becomes immortal-one needs 12 ascension DNA and 12 ascension chakras activated; 51 % karma issues cleared and 90% light body and over**

**light quotient balanced and stabilized, and all subtle bodies balanced and integrated with the physical body and EGO/Personality under the control of the I AM Might Presence Christ-Self to become and “Integrated Earth Ascended Master” ; it has been decreed that since year 2000, there will be no more ascension of lightworkers unless they have become an integrated Earth Ascension Masters and have mastered the 5<sup>th</sup> dimension protocol on the earth plane. Ascension now must be a “Complete Ascension” which meant that the biological physical body must be converted into crystalline Body and ascend together with the Soul consciously; this is essential so one is be able to exist at a higher vibrational energy dimension and share in the many universes of God’s Mansions of Light.**

**This why this current Sanctuary is a portal for ascension because this Melchizedek Method prepares the lightworker in one’s chosen self-mastery and ascension path as well as to be able to serve humanity and honour God at his/her highest potential to assist in the manifestation of the divine Plan for this planet which is to anchor the 7<sup>th</sup> Golden Age of 2500 years of peace and harmony on the planet.**

**(After each completed course level, the participant can practice the Kamadon Healing System for that particular level).**

**SPIRITUAL HEALING (Hands on healing or contact healing as well as distant or absent healing attunement with Ascended Master and Healing Team)**
