

THE QUAN YIN ASCENSION QUANTUM LEAP FOR THE NEW MILLENNIUM BOOKS

By: Dr. Joshua Stone and Maria Cecilia A. Gutierrez

(I AM UNIVERSITY-INNER AND EXTERNAL PLANES ASHRAMS)

WHO IS QUAN YIN-THE BODHISHATTVA.

“Never will I seek nor receive private, individual salvation, never will I enter into final peace alone, but forever and everywhere will I live and strive for the redemption of every creature throughout the world from the bonds of conditioned existence”.

Quan Yin

This unconditional, selfless love is the main characteristic that marks Quan Yin, our Bodhishattva.

She is the Goddess of Love, Mercy, Compassion and Forgiveness.

When Quan Yin died she could have easily entered the portals of heaven, but she heard the cries of suffering man. It was then and there that she decided not to take her rest yet, but to wait until all men were liberated and could enter eternity. This is why a very powerful mantra of Quan Yin is:

“NAMAH KUAN SHIH YIN PU-SAH”

Which means “I honor the Bodhishattva who hears the cries of the world”.

Such mantra has been created in to a traditional song. Calling upon this enlightened one over and over again is so powerful. It is an effective tool in healing and many miracles have thus resulted. Tapping into such powerful healing brings wonderful results. Quan Yin always hears the cry of her children on earth. She is a Bodhishattva of a thousand names.

Quan Yin was born in China, she is worshipped and adorn in all of Asia and the east. She is an incarnation of Mary, Sophia and other feminine icons. She carries the Goddess and the Divine Mother aspect of Buddhism. In Christianity she carries the Divine energy carried by the Virgin Mary. In Egyptian role, Isis. Shakti in Hinduism.

In Vietnam, she is called Quan Am, In Japan as Kannon, in Bali as Kanin, in Korea, Japan and China as Quan Yin.

There are several images or figures of Her-the very common one is Quan Yin sitting lotus style upon a lotus flower. In other images she is holding the pearls of illumination, a bottle of healing water, holding a sheaf of ripe rice or a bowl of rice seed as a metaphor for fertility and sustenance. Another symbol is the dragon, which in China as ancient symbol of high spirituality, wisdom, strength and divine powers of transformation which is a common motif found in combination with the Goddess of Mercy. Some tradition consider Quan Yin as a male figure-this is so in Tibetan Buddhism-Avalokitesvara.

Quan Yin is also known as the Goddess of Mercy or even the Flame of Mercy-this flame is referring to the Violet Flame of St. Germain, for before him, around the 1700's Quan Yin carried this violet flame being his predecessor.

In this NEW MILLENNIUM, it is her desire to be known in the Western World as well as the Eastern, Asian World.

Many are not aware of her spiritual mission. She often stands for an image of beauty and brings good luck, perhaps even riches. This Bodhishattva honors and blesses the people who display her statues in shops or use her as a decorative piece.

Let us not honor her in vain. Let us call upon her for all our needs and for the needs of others. She will not turn her face from us, for she hears the cries and sufferings of all mankind.

Let us call out several times during the day:

'NAMAH KUAN SHIH YIN PU-SAH'

QUAN YIN AND SACRED CONTRACTS

"In one of my very earlier lifetimes, I made a SACRED CONTRACT. A SACRED CONTRACT is like a holy pact made between a SOUL AND GOD. There are also human contracts and vows, but this is not the same as a SACRED CONTRACT. I CONSIDER my BODHISHATTVA PLEDGE as my true SACRED CONTRACT between GOD and MYSELF. It is so sacred and so much part of my true essence as SOUL. I discovered this at the moment of my transition, when a soul left my body. Until this day, I am fulfilling my SACRED CONTRACT. We usually have only one important SACRED CONTRACT and within, there could be others. Everyone of you has made a SACRED CONTRACT during one of your past lifetimes. Hopefully, it is during this present lifetime, that you discover it and try to fulfill it. I, Quan Yin will help you to find out what it is, then you shall take this Quan Yin Leap during this time of the NEW MILLENNIUM".

Quan Yin speaks" Do you really wish to know what is your SACRED CONTRACT? Take some time each day to meditate, regress and even access the Akashic Records; for the latter, seek also the help of ASCENDED MASTER METATRON(KEEPER OF THE Book of Life) and also Ascended Master DJWHAL KUHL.

THE BODHISHATTVA'S MANTRA

“OM-MA-NI-PAD-ME-HUM”

This sacred MANTRA is the key in calling for LIBERATION to all mankind, spirit beings and creatures of the universe.

Repeat this Mantra as often as you can. It is so powerful, that even one recitation will give immeasurable wisdom.

He will develop eventually compassion and develop the six paramitas (the six benefits of the six syllable Mantra).

He will be born as a universal monarch. He will achieve the irreversible stage of the Bodhishattva and finally attain ENLIGHTENMENT.

Quan Yin speaks” It is my wish , there will develop many more Bodhishattva to liberate all beings and to remove them from the wheel of 84. It is my wish that we all together recite this Bodhishattva Mantra in our daily spiritual mission service. It is my wish to see many more Bodhishattvas and remove all the pain and suffering these world-realms bring with it”.

Let us say together:

“OM-MA-NI-PAD-ME-HUM”

THE DOUBLE STAR FROM THE EAST

“And from the east I saw a double star, shining with mysterious brilliance, pointing the way to God and from God to man”.

Quan Yin

Quan Yin speaks:

Look to the skies, for there is much to divinize from. In this New Millennium, even the scientist and astrologers will be amazed at new sites, new findings and renewals in the skies and in the heavens. Unusual things shall appear unknown to man. Unveiled mysteries shall take place as well as new formations. All these have been prophesized, but man does not recognize these events or happenings as coming from the Almighty Himself. But one day all shall know. It is he who has this “spiritual eye” who can distinguish and point out the “unusual”. It is the Spiritual Integrated Master who will recognized and accept this as coming from God.

The meaning of the Double Star that appears in the skies. The double star has two-fold meaning: It is symbolic and it is real.

SYMBOLICALLY THEY REPRESENT:

1 - DEDICATION.

2 - DEVOTION.

These are part of the 4 TREASURE OF GOD. They stand out so brilliantly and are symbols, which God sees in the heart of man, Once a soul has found this meaning, purpose and spiritual mission, he should respond to God's calling. The calling is not necessarily found in only the great achievements in life, or in the big fulfillments of a mission. It is found in a soul's love for God that is expressed through DEDICATION AND DEVOTION. These can only be seen in the eyes of God. No one can measure this or even reward man. Rewarding only comes from God. Recognition and praise only comes from God. This is something that modern man must realized and understand.

What do we mean by DEDICATION?

DEDICATION IS THE FIRST RESPONSE FROM MAN ONCE HE IS AWARE, OR IS ENLIGHTENMENT.

He immediately in a spiritual way with draws from the world and the things of the world. It is symbolic withdrawal, not necessarily physical. Although certain souls may want to do this. It is not required.

As the saying goes: "YOU ARE IN THE WORLD, BUT NOT OF THE WORLD".

It means not only to withdraw from what is worldly but also to embrace that which is HOLY. How does one become HOLY-it simply means that one separates himself unto God. It is this "unto" God act that makes one Holy and at the same time dedicated. It doesn't merely happen. One must be willing, with free will say this or positively confess to God to show his or her determination and purpose of intention. Like LOGOS, the WORD, one should act likewise. It is also a simple act. It can be your personal prayer or act of consecration to God. It simply means that from this moment on, you will serve and dedicate yourself and everything to God. He has the only priority in your heart. This is a big leap forward towards your goal in the NEW MILLENNIUM. It will certainly change you. For a soul who has done this truly changes heart. He no longer governed by the dictates, words, actions nor standards of the world. He is therefore, less affected by man and events. He is EVENMINDED. Things do not bother him as much. He I FREE! He is at peace even if he is not acknowledged, even if he is not praised on earth for all his good deeds. He goes on and pursues his mission, knowing that God knows and sees all, God, Himself, is his whole reward. That is enough! That is everything to him!

WHAT IS DEVOTION?

DEVOTION means loyalty, or affection towards God. It means spending time with God in prayer or conversation with him. That is what true prayer is. Prayer is not merely saying prayers, but is talking to Him.

There are many ways of doing this. One must find that which is comfortable and meaningful to him. It may just sitting quietly before God's Holy Presence, just being together. It may be adoring Him or thanking God for everything. It is a personal decision how, when and where one will make the time for DEVOTION. The important thing is to be devoted to God in one's own quiet and simple way. The awareness and realization of what one is doing creates the purity of intention. These are the ways one can create a spiritual lifestyle, known only to God and man.

Such ways of Dedication and Devotion stand out from the ordinary man, and touch the very heart of God Himself. These become like a DOUBLE STAR in heavens, which God sees from above. It grabs Him. They are one of God's treasures on earth, which He cannot resist.

Sometimes it may seem to the man of the NEW MILLENNIUM as such insignificant stuff! But nothing is insignificant in the eye of a great God. These are the things dear to God's heart and which he considers as treasures on earth.

When we are able to verbalize these thoughts they become more real and clear to us. We will be able to determine for ourselves what we really mean to do, how we will go about doing it and then get things done!

So be it written! So be it said! So be it done!

AMEN! AMEN! AMEN!

SACRED CONTRACT: MIRACULOUS LIVING. QUAN YIN

You, who are chosen by God have made a SACRED CONTRACT. Know and understand the meaning of this precious Treasures, which God had made with you. It is the KEY TO MIRACULOUS LIVING ON EARTH. It is yours for the asking".

Quan Yin

YOUR SACRED CONTRACT: Quan Yin speaks:

Some of you, dear readers are old souls. But there are also many of you who are new souls.

You who are old souls resonate very well with me. There are those who already know their Sacred Contracts who are refreshing their memories. For others, they cannot remember ; could it be they are new young souls who have just come into this world and may not have made a SACRED CONTRACT? Could be that such souls are in the process of making one. If you feel that you would like to create a SACRED CONTRACT with the DIVINE, after much thought and prayer. The benefits and the energy and time used can now be applied to your spiritual mission and planetary work for the Almighty. You can go on board the rocketship, as well as bring other souls who are destined for this. You will speed up my work as a BODHISHATTVA, for this I came into this world.

WHAT ABOUT MIRACULOUS LIVING. Quan Yin

This becomes one of the main benefits of knowing and activating your SACRED CONTRACT WITH GOD. The Great Miracle Worker, JESUS, led the way. And so with most of God's coworker, their life becomes a miracle in itself.

There have been so many masters afflicted with the evils, diseases and sicknesses of living. This is called SAMASARA, the result of bondage to the wheel of life. But to the soul who becomes free from this, a master, he is no longer afflicted but free. Sometimes in the body, physical afflictions are NOT always healed. A master may show poor health situations. But miraculous living comes into play when his soul still performs his spiritual mission. He/she continues to serve God and man, He allows nothing to prevent him from keeping his SACRED CONTRACT. In spite of ill health he goes on with life. Is this not MIRACULOUS LIVING? How many ordinary men and women in the world when sick or threatened with a degenerating disease, just give up and pine away? But no, the master no longer lives for himself but for God and for others. With the Grace of God, a master lives a Miraculous life and accomplishes more than this world could ever dream of. He does this without complaints. Although he/she may often times suffer, he transcends the suffering for the greater good. He does not become weary of doing well, because the motivation keeps him going. This is what I can also offer you: The choice of Miraculous Living. You will not be alone, for we will help you. We will always be there for you. Do not despair. This is your process for MASTERSHIP in the present life. And there are benefits as well as rewards, there are credits in the many initiations you will be passing through and accelerations you shall experience. It is all for your benefit, the good of all and the GLORY OF GOD.

There may be some sorrows, some hardships and even some tears. But these will all be turned into dance and joy. There are many difficulties, some trials and some burdens, but you will be carried by Grace and these, too shall turn into Blessings galore! FEAR NOT! WE ARE WITH YOU! YOU ARE NOT ALONE! This is one of man's earthly fears, the thought of suffering alone. But this is a wrong

concept. For it is during those moments when God and His heavenly court draws near unto you. There is a story that when a holy man, or ordinary human weeps, Sananda catches his tears with a bucket and uses this water to purify and cleans the tearful soul.

What GRACE! What miraculous living this is!

It also has a domino reaction and affects the Universal Consciousness. As a master acts so does his entire body of humanity re-act and follow suit. This accelerates man in his spiritual evolution and changes in Global Growth. This is how, as you take a leap forward, the a NEW MILLENNIUM is created anew.

MIRACULOUS LIVING AFFECTS ALL ASPECTS OF LIVING. As one activates the life of Mastery, he leads the way towards achieving ASCENSION.

MIRACULOUS LIVING is the TOOL OR KEY TO OPEN THE DOORS FOR A RISEN LIFE!

MIRACULOUS LIVING is experiencing your journey home to God and will remain with you forever after!

I encourage you all to embrace this life!

I urge you all to reflect on your SACRED CONTRACT! QUAN YIN

Comment by Joshua Stone:

Miracles in one's life being an integrated process and not just on one level!

In the Course in Miracles-Master Jesus spoke on how to achieve this miraculous living; He called this "MIRACLE MINDEDNESS"; since our thoughts cause our reality, one cannot achieve miraculous living without having miracle mindedness; thus leads to miraculous feelings and emotions and a miraculous consciousness in general. For this is the key to have miracle consciousness. A miracle consciousness sees only God in everything and sees God working in everything that happens. A miracle consciousness sees from a full spectrum prism perspective. A miracle consciousness has a fully opened 3rd eye, which leads to all seven seals and seven chakras being opened and balanced! Hence turning the chakras into seven golden candlesticks and seven churches. This all leads to being right with self and right with God and the Masters, which leads to being right with another relationships animate and inanimate! This leads to a perfectly balanced chakras and perfectly balanced seven rays, which is the personality of God. This leads to spiritual mastery, psychological mastery and physical earthly mastery and the three minds Conscious, Subconscious and Superconscious come into proper integration and alignment. The four bodies become balanced. Heaven and earth and Yin and Yang become balanced. The 12 archetypes become balanced. The 10 sephiroth of the tree of Life become mastered and balanced. This leads to the Mastery of the 12 Schools, Colleges and Challenges of life of the Zodiac. God/Goddess becomes balanced. People become integrated and synthesized. Negative ego and separative self is mastered and incarnated souls see life through his or her Spiritual/ Christ/ Buddha/God Consciousness. The person becomes on fire for God and puts everything in the Alabaster Box and places it all on the ALTAR OF GOD! The

person seeks only God every moment of his or her life to the best of their ability and in Seeking only God, all things are added unto them!

Because the mind and emotions are mastered, negative ego is transcended, inner child is properly parented, God purity is achieved, wholeness is achieved, the person has become a total cause of their reality and is no longer a victim or effect on any level of life! Because of this, greater gifts are given by God and the Holy Spirit, and greater activations, initiations and light bodies are given by the Ascended Masters! Greater and greater levels of service are entered into and one begins to fully realize that they are Soul, Spirit, the Buddha, the Christ, the Eternal Self and Integrated Mighty I AM Presence and embodiment of the Holy Spirit and Ascended Masters on earth, whose only desire is egolessness, selflessness, saintliness, service, co-creation with God and the Masters, God purity, desirelessness, other than higher and higher levels of Self and God realization and or Ascension!.

This is what Beloved Quan Yin so eloquently speaks about, is the consciousness of miraculous living.
